♀ Maihofstrasse 31 - 6004 Luzern   ☆ 06.08.2004, Emmen LU

Profile

Junior Software Developer with a Federal Diploma in Application Development and initial hands-on experience in SAP development and agile project environments. I take a structured, solution-oriented approach and communicate confidently with a wide range of stakeholders. I am about to begin studying International IT Management to build a strong foundation for future roles in project coordination and IT leadership.

Experience

from 08/2025   **SAP Application Developer, Suva**   Lucerne
- Independently managed and implemented an internal development project from requirements analysis to go-live
- Coordinated directly with internal stakeholders and departments
- Contributed to the migration from SAP CRM to S/4HANA

08/2020 – 07/2024   **Apprentice Software Developer, Suva**   Lucerne
- Co-developed and maintained SAP web applications using SAPUI5
- Implemented REST-based services
- Worked independently and collaboratively in agile teams using Scrum and SAFe

Education

from 09/2025   **Bachelor Studies International IT Management**   Rotkreuz
Lucerne University of Applied Sciences and Arts (HSLU)

08/2020 – 07/2024   **Vocational School for Application Development**   Sursee
